at 7:15pm

Director's Notes

Good evening and welcome to Trinity URC Hall for our production of "Neville's Island".

I had the good fortune to be cast in this play back in 2008 when I was working with Wakefield Little Theatre (in addition to my work with Trinity) and I've longed to have a bash at directing it ever since.

I can, honestly, say two things. Firstly, that it was the most uncomfortable play to be, in but also that it was the most fun I have had

on stage – ever! Hopefully our very hard pressed and hardworking cast will feel the same come the close of our run.

Here at Trinity, we have excellent, clever, industrious people and I am greatly indebted to them for the brilliant set you see before you. Rampsholme Island is a real island and is to be found (and may be set foot upon) in Derwentwater near Keswick. A few years ago, it was used as the location for aremake of the film "Swallows & Amazons".

Please note that this play is set in November 1994 so some references are appropriately back dated.

I hope you thoroughly appreciate and enjoy our efforts in bringing this piece to our stage and I wish you a safe journey home in the hope of welcoming you back here for future productions.

Paul Taylor
Director

Further to events of the last couple of weeks
I will make an unusual closing statement.

God Save The King.

Thanks to Twiggs

Trinity would like to thank Twiggs for supplying the stage foliage and organising a clean up and litter pick of the local area.

WORKING WITH THE COMMUNITY FOR THE COMMUNITY

Community Clean Up

Twiggs Central Area Clean Green and Tidy Team

We are very proud of our community engagement and development. We work with residents, businesses, schools, local key stakeholders and community groups whenever, wherever we can. We invest time and effort getting to know local businesses who can support our improvements.

Education is key for sustainability, and working with a large number of local schools, gives us a great opportunity to educate the younger generation towards a cleaner future. Our teams have vast knowledge and experience in what benefits the environment, and we cut no corners when striving for a cleaner and greener community. Even our Waste Transfer Centre operates within ISO 14001 for Environmental Management and strives for zero to landfill.

"The Horticultural Apprenticeship interested me as I love the outdoors and prefer to do physical work. I enjoy being hands on and my favourite part of the job is meeting new people. I want to make a difference to things many people care about. In the future my aim is to be a professional gardener and I hope to stay with Twiggs and work within the community."

Leilani - Twiggs
Horticultural Apprentice

Upcoming & Regular Events

SPECIAL THANKS

As with all Trinity productions, it would not be possible to bring our shows to you without the hard work and assistance of cast, crew and members during rehearsals as well as during the show.

And special thanks to the Front of House team who are there for your safety and refreshments. Teas and coffees are free in the interval and served by Dawn and the team.
Donations welcome.

Publicity	Loz Dobson, Dale Rivers & Phil Johnson

About Nevilles Island

"That's all part of this bloody cockeyed exercise, coping with crisis. And I am absolutely, completely, bloody coping".

So says Gordon, one of four out-of-condition, out-of-their-depth work colleagues on an out-of-control team-building exercise.

Shipwrecked in the Lake District, menaced by wildlife and with only a sausage between them, our unlikely explorers battle the elements and each other as corporate bonding descends into a hilarious carnival of squabbling, French cricket and cagoules.
